DigiPrint™

INDOOR MAT

This digitally printed mat is manufactured on a state-of-the-art digital printer that dyes your logo directly onto a nylon carpet. As our top-selling logo mat, the DigiPrint™ is the ultimate combination of eye-catching appeal and steadfast durability. Designed for high-traffic indoor applications, this mat is certified "high traction" by the National Floor Safety Institute. Available in 25 background colors and unlimited logo colors.

SuperScrape™ Impressions

This all-rubber mat features multicolor images produced by molding digitally printed thermoplastic onto a durable Nitrile rubber base. Produced with our new circular surface cleats, the SuperScrape™ Impressions offers superior slip resistance and scraping action, all while promoting your brand for outdoor and indoor applications. Certified "high traction" by the National Floor Safety Institute. Unlimited logo colors and free Pantone™ matching available.

OUTDOOR MAT

Waterhog™ Inlay

OUTDOOR MAT

The perfect combination of design and function, these mats are created using our unique inlay process where the logo design is cut and pieced together like a jigsaw puzzle. Heavy duty rubber backing lays flat and does not curl. Ideal for indoor and outdoor applications. Absorbing up to 1.5 gallons of water per square yard, this mat is sure to protect your floors in style.

How can logo floor mats work for you?

DigiPrint™

Reef™ sandals recently launched a campaign to influence impulse purchases. They placed DigiPrint™ logo mats in front of shoe displays and customer "shoe-fitting stations" throughout each domestic distributor location. In this high visibility application, the Reef™ name stayed in front of the customer during their shoe shopping experience, influencing their selection. Upon distribution of the mats, Reef™ domestic sales increased 25%. Logo floor mats make an excellent addition to point-of-purchase displays!

SuperScape™ Impressions

The Coca-Cola™ Company often seeks to promote loyalty among distributors by rewarding those carrying their product line over a competitor's. For each of these loyal distributors, Coca-Cola™ purchased a SuperScape™ Impressions mat, featuring their own logo along with the distributor's logo. Co-branded logo floor mats are excellent for promoting business partnerships in an attractive and tangible way.

Waterhog™ Inlay

Hilton Hotels™ use Waterhog™ Inlay mats on a daily basis. This upscale hotel brand values superior service and elite brand imaging, so keeping their hotel up to par is a top priority. Hilton™ trusts our premier matting products to meet these high standards. Our Waterhog™ Inlay mat helps keep floors clean, safe and dry all while displaying your logo to promote an image that lasts!
