

MAT PURCHASE VS. MAT RENTAL COMPARISON

Rental mats are very expensive as a long term matting option. At an average of \$0.38 per square foot, a single 3' x 5' rented indoor mat costs a facility approximately \$900, over a three year period. In contrast, a purchased 3' x 5' high quality mat costs approximately \$200, with a lifespan of up to five years.

FACT : There are many benefits to purchasing mats.

By purchasing your mats, you'll experience substantial cost savings, improved safety and better performance with no rental fees! From our extensive product line, you can choose the perfect mats in a variety of sizes to best suit traffic patterns - all are performance engineered for the proper application.

MAT PURCHASE vs. RENTAL

Approximately 55% of all slips, trips, and falls are directly caused by unsafe flooring, and about 80% of dust and dirt inside a building is tracked in through the front door. Logo floor mats provide invaluable functionality by keeping dirt off your floors and preventing accidents. Why not purchase these mats at a fraction of the rental cost?

Cost

A single 3' x 5' rented indoor logo mat can cost approximately \$900 over a three year period. In contrast, a purchased 3' x 5' high quality logo mat costs approximately \$200, with a lifespan of three to five years.

Convenience

Rental mats are often left unserviced for weeks at a time. Our products are easy to maintain and clean at one's convenience without the industrial equipment used by rental services.

Safety and Quality Control

With a rental service, mats in disrepair may be left in service which could present safety hazards, and may negatively affect the facility's image. By purchasing a logo mat, it is easy to control the quality and appearance of one's business.

Freedom

Rental companies only offer a limited product line. These products may not suit the application. By focusing directly on mats, we offer the best products and warranty in the business. Purchasing a logo mat or non-logo mat from us gives one the freedom to choose from an extensive variety of styles, materials, sizes, and colors to best suit the application.
